Graphic Designer
Sara Rajaei

ABOUT ME

Hi!

I'm Sara Rajaei — an experienced graphic designer with a strong passion for creativity, visual storytelling, and purposeful design. From brand identity and ad campaigns to digital graphics and social media content, I've worked on a wide range of projects, always aiming to blend beauty with impact.

I'm highly skilled in using a variety of AI-powered design tools, which help me work faster, smarter, and more creatively. I'm detail-oriented, a team player, and always eager to grow and evolve.

If you're looking to build a unique and professional visual identity for your brand, I'd love to bring your vision to life.

FULL-TIME EXPERIENCE

- **IranNotrika** 1399 - now

As a Digital Content Manager, I was responsible for designing and producing digital content, including posts, stories, website banners, as well as product photography and editing. Additionally, I managed and edited videos, handled social media accounts (Instagram, Telegram, Aparat, YouTube), and regularly updated website content. I was also in charge of writing scripts for video and promotional productions.

- **Tose Salamat Mihan** 1398 - 1399

I was responsible for all digital designs, including post and story designs, website banner designs, as well as product photography and editing. Additionally, I managed website content and updates.

Roll-up banner

Iran Notrika

The roll-up banner features a dark blue background with a central vertical beam of purple light. At the top, the QPLUS logo is displayed. Below it, four icons represent key features: a lightning bolt for 30W Per PoE Port, a speedometer for 48V PoE Output Voltage, a 1000 Mbps chip for Full Gigabit, and a chip icon for IEEE 802.3af/at POE Standard. In the center, a QPLUS SmartPoE Switch is shown. At the bottom, the text '300W' is prominently displayed in large white letters. A QR code and the website IranNotrika.com are located at the very bottom.
